## ABOUT ME

I completed a solid training as a PHP Web Developer at WIFI Vienna and I am currently pursuing a degree in Artificial Intelligence at JKU Linz. While I have gained professional experience in the hospitality industry, my true passion lies in computer science. I have strong skills in Python, Anaconda, Jupyter, and Machine Learning (e.g. regression, neural networks), and I am currently deepening my knowledge of PyTorch. I am highly motivated to apply my technical skills in the IT industry and to continuously grow as a professional.
